OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 11529 / 516 — Bangalore 20th June 1901 190

From

H J BHABHA Esq
Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
General and Revenue Departments Bangalore

Sir,

I have the honour to state that a monthly grant of Rs200 wa sanctioned in aid of the school for European and Eurasian children at the Kolar Gold Fields by para 10 of G O No 1455-56/Ed 2-96 date the 28th July 1899 sanctioning the State Fund Budget Estimates of the Education Department for 1899-1900 the grant being subject to the following conditions specified in my letter No 9853-351 dated the 5th June 1899 recommending the grant

(1) *that the maximum monthly grant do not exceed 2ths of the monthly cost of instruction nor the difference between the total amount of monthly fees collected and the total monthly cost of instruction*

(2) *that fees be levied at rates which should not be lower than those levied in St Andrews' schools or other similar schools in Bangalore for European and Eurasian children*

The teaching staff was engaged on the 1st January and the

classes) were opened for work on the 7th January 1901 but the monthly grant has not been paid to the school as the school is not in a position to conform to the conditions noted above In the first place the school is not as largely attended as the Committee expected at the outset and in the second place the parents of the children that do attend the school are of the working class earning from Rs 30 to Rs 70 a month Parents who earn better incomes prefer to send their children to Bangalore for education. For these reasons the Committee was obliged to adopt a lower scale of fees than the one it intended to adopt at first During the four months ending 30th April last the average amount of fees collected was Rs 130 while the average cost of instruction during the same period was Rs 360 The Mining Board are doing all they can to make the institution as useful as possible, even providing comfortable wagons for the conveyance of pupils residing at a distance Under these circumstances I request that Government may be pleased to waive the enforcement of the above conditions in view of the useful work it is doing and permit the grant to be disbursed.
